

**Do you live in Lincolnshire and do you need to make repairs, improvements or adaptations to your home either now or in the future?**

If so Lincolnshire County Council and the Centre for Ageing Better want to hear from you.

We want to know what services and support you need to help you with your home improvements or with adapting your home.

We also want to hear about your experiences around completing work to your home: the good, the bad and the ugly.

The information you provide will help us develop the 'The Lincolnshire Good Home Alliance'. This is a new initiative between different local agencies and County and District Councils.

Once we have this information we can make a plan on the best ways we can start to help you.

**What do you need to do next?**

There are 3 ways to feedback on your experiences.

1. Share your experiences of household repairs on our story board
2. Share your ideas on how we can help on our ideas board
3. Complete the survey

Thank you for taking time out of your busy day to contribute to this important local initiative.
